

## **Erich Peterson, P.E. – Session Director**

Erich Peterson, P.E., has 22+ years of experience managing Water Districts in Texas. Erich has extensive experience in all phases of commercial and residential land development within municipal utility districts. Erich is focused on infrastructure preservation and rehabilitation, capital improvement planning, water and sanitary sewer system capacity and condition analyses, and rehabilitation design for aging water district infrastructure. Erich believes it is critical for water districts to have a clear vision of the condition of their aging infrastructure in order to actively preserve and rehabilitate the infrastructure for the future.

Erich currently serves on the AWBD Local Governments Subcommittee, as well as the AWBD Lead & Copper and Boil Water Notice Subcommittee.

Erich received a BS in Agricultural Engineering from Texas A&M University and is a licensed professional engineer. He is an active volunteer with the Houston Livestock Show & Rodeo and past vice chairman of the Breeders Greeters Committee. He is an active alumnus of Leadership Montgomery County and is a past director on the Leadership Montgomery County Board. He is a current director on the Community Assistance Center Board in Montgomery County.
