

Paul Bond

Mayor, City of Oak Ridge North, Texas

Twenty plus years in corporate accounting. Always looking for opportunities offering career growth and challenges. Manager of operational accounting teams over the past ten years. Recently retired from Ricoh-USA after twenty years. My wife and I grew up in the City of Oak Ridge North. We have lived here for 48 years. We both graduated from Conroe High School. Over the past several years I have become involved in local city government. Started with Planning and Zoning Commission, Economic Development, City Council, and finally as Mayor. A challenging adventure I look forward to everyday.
