

Signature Class Family Groups

What are Family Groups?

Class members will be randomly assigned to a family group of up to 6 class members. You and your group will explore leadership topics together through your Leadership Series at each session, as well as work together to host a session. Your family group is a supportive group of people you can feel comfortable sharing with throughout the year as you learn and grow together.

Expectations:

- Establish an inclusive environment in which family members feel comfortable during discussions, moments of reflection, processing, and sharing.
- Gather materials for a family member if they miss a session.
- Host Class Session:
 - o Each family group is assigned one class session to help with the day.
 - o If possible, family group members should arrive a little early on this day to help with greeting, nametags, any set up, etc.
 - o Help gather class members back into meeting rooms to make sure each speaker/portion can start on time.
 - o Divide amongst four groups to keep groups together and on time.
 - o Help take photos of the day.
 - o At the end of the session, help with collecting items.
- We will have times during class sessions where family groups will meet, but you are welcome to meet outside of class sessions as well.
- Take opportunities to also develop relationships outside of your family group.
